## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2016-17)**

Sycamore Canyon School has an enrollment of 403 pre-kindergarten through sixth grade students- 62.69% White not of Hispanic decent, 3.98 Black not of Hispanic origin, 23.13% Hispanic, .75% Vietnamese, .50% Chinese, 1.0% Japanese, and 2.49% American Indian or Alaskan Native. Our students have a variety of life experiences. Some have recently arrived from out-of-state while others have never left their neighborhood. The faculty is composed of 15 general education teachers and four special day class teachers. The school has one principal, one language arts specialist, one resource teacher, one part-time speech & language specialist, and a part-time psychologist. The special day classes all have a credentialed teacher and instructional assistants. Additional staff includes one secretary, one records secretary (one hour), one health clerk (six hour), one media clerk (two hour) and a custodial staff of two.

Sycamore Canyon School is one of nine elementary schools in the Santee School District. The district is located in the eastern portion of San Diego County, approximately 20 miles inland. Sycamore Canyon School is located in the center of the city Subdivision, and is truly a neighborhood school, surrounded by single family dwellings, apartments, and condominiums. The majority of our parents, work in the San Diego area. Many are service or government employed. Economic indicators suggest that Sycamore Canyon is a typical middle class community. Approximately 25% of the students are in families receiving Aid to Families with Dependent Children that are eligible for free/reduced lunches.

A library/media center serves all of the students at Sycamore Canyon. A before and after day care program, Project S.A.F.E., is also housed in re-locatable buildings on the school campus. Two classrooms house YALE, Youngsters Actively Learning Every day, preschool offering both part-time and full-time enrichment programs. There are four playgrounds; one for kindergarten students, one for students in grades 1-3, one for preschool and the lower field is for students in grades 4-6. The intermediate play area is grass and asphalt and includes basketball and volleyball courts, baseball diamonds and a track on the lower field. Other ancillary structures include: office, cafeteria, restrooms and media center. A fence surrounds the perimeter of the school buildings, and the gates are locked at all times except for arrival and dismissal of students. Signs are posted at the front entrance to the building, asking visitors to check in at the office before going onto the campus. All visitors to the campus are given a visitor's badge to wear while they are on the school campus. Campus supervision is provided by administrators and staff members. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns. Staff members are encouraged to inquire when unfamiliar faces are seen on campus.

At Sycamore Canyon we believe that we are here to provide the best education our students could possibly receive, and that has not changed as we shift to 21st Century Learning. Our constant focus is on developing a community of creative thinkers who collaborate to innovate visionary ideas through project based learning. Projects that have real-world applications and generate students who have a connection to the global community. Students will be judged on the quality and character of their work. Students will have choice in the work products and strong basic skills that allow for application of knowledge to solve real-world problems.

Teachers and students will use technology as a tool to increase student learning. Through training, our staff will achieve a high level of comfort with the integration of technology into the curriculum. Our students will gain ownership of their learning and regain a love of learning.

Staff, students and parents will be involved in deep collaboration, which facilitates learning in a way that promotes a community focused environment. We don't settle for anything less than excellence in every aspect of our work. Together we will have the courage to adapt to new challenges and continue our journey as a strong community of dedicated learners.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

<b>Mathematics</b>	37	48	43	50	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in ELA by Student Group

<b>Students with Disabilities</b>	<b>3</b>	12	10	83.3	20.0

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**Professional Development (Most Recent Three Years)**

All training and curriculum development activities at Sycamore Canyon School support the implementation of Common Core Content Standards and State curricular frameworks. Teachers annually receive between 3 - 5 days of professional development at the site and/or district level. Decisions concerning selection of staff development activities are performed by the principal, district administrators, and grade level representatives using tools such as teacher input, district benchmark results, data analysis, and focus groups to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Sycamore Canyon School offers support to new and veteran teachers through peer coaching and mentoring. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job related training from department supervisors and district representatives.
