School Description

Powell Elementary School is part of the Azusa Unified School District located in the city of Azusa. Powell is the "Arts Focused" elementary school in Azusa, using visual and performing arts to enhance and enrich the curriculum. Our school intentionally integrates the arts throughout the core curriculum to deepen and enrich student learning. Every day in classrooms at Powell, students are acting, singing, and dancing their way through lessons. Our dedicated art studio provides students with regular opportunities to draw, paint, sculpt and create. Each year we put on fall, winter and spring performances; and as a school of the arts, we produce a full-scale musical annually for which students, grades 1st-5th, are welcome to audition. The school's motto, "A place where school and community come together for the success of our children" sums up the very essence of Powell Elementary School.

The enhancement of Powell Elementary School's curriculum is an ongoing process. Using student data from multiple assessments, administrators and teachers look at how well students are performing according to state grade level standards, identifying areas of strength and weakness. Teachers modify instruction to ensure students succeed in meeting grade level expectations. All Powell classrooms implement rigorous common core aligned curriculum in math and language arts. English learners receive daily designated as well as integrated ELD. All Powell students participate in WIN (What I Need), a structured response to intervention program in which students receive targeted, on level, daily instruction to enhance reading ability.

At Powell School we implement PBIS (Positive Behavioral Interventions and Supports). PBIS is a proactive system-wide framework for creating and maintaining safe and effective learning environments in schools and ensuring that all students have the social skills needed to ensure their success at school and beyond. Students are specifically taught what the expected appropriate behaviors look like in all areas of the school and are acknowledged and rewarded when they behave in accordance with these expectations. Our expectations: Be safe, be respectful, be responsible.

Leadership at Powell Elementary School is a responsibility shared among district administration, the principal, instructional staff, students, and parents. Beginning in 2013-14 school year, primary leadership duties were assumed by Principal Jennifer Wiebe. Prior to her arrival, she had 25 years of experience in education in the following positions: classroom teacher, adjunct professor and director of an educational non-profit organization. The principal oversees the day-to-day operations of the school.

Coordinating with the principal are teachers who meet in Professional Learning Communities to align instruction to Common Core State Standards. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with students' needs and comply with District goals. These committees include Powell Panther Parents, English Learners Advisory Committee (ELAC), and School Site Council (SSC).

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Powell Elementary School provides a safe, clean environment for students, staff, and volunteers. Built in 1954, with modernizations made in 2005, the school sits on nine acres. Facilities span 398,129 square feet and include a multipurpose room, library, cafeteria, 17 permanent classrooms, playground, and one computer lab. The facility strongly supports teaching and learning through its ample classroom and playground space, and a staff resource room.

A scheduled maintenance program is administered by Azusa Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication 100% of the restrooms were fully functional.

During the day and in the evenings, two custodians ensure classrooms, restrooms, and campus grounds are kept clean and safe. Azusa Unified School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students

ELA	30	42	34	35	48	48
Math	24	39	21	24	36	37

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2015-16 CAASPP Results by Student Group Science (grades 5, 8, and 10)				
Group	Number of Students		Percent of Students	
	Enrolled	with Valid Scores	w/ Valid Scores	Proficient or Advanced
All Students	55	55	100.0	34.6

Socioeconomically Disadvantaged	49	49	100.0	30.6
English Learners	14	14	100.0	14.3

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents and community members are very supportive of the educational program at Powell Elementary School. Parents and the community participate in Panther Parents, ELAC (English Language Advisory Committee), SSC (School Site Council), Spring Picnic, the Fall, Winter, and Spring Programs, School-wide musical, Read Across America Day, Sock Hop, Muffins for Mom, Donuts for Dads, Back-to-School Night, Open House, and Coffee with the Principal.

Powell Elementary School enjoys many partnerships in the community and generous donations. These partnerships include Azusa Pacific University volunteers and Operation Santa Clothes, where 50 kids are selected each year to receive two sets of shoes and clothing.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is Powell Elementary School's primary concern. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Annually, the school practices a complete earthquake drill, which includes an entire school evacuation. A storage bin located at the school contains food, water, and other supplies for use during a disaster.

All visitors must sign in at the front office, wear identification tags while on the school grounds and sign out upon departure. Teachers are on duty before school, during recess, and after school, and noon supervisors are on duty during lunch to ensure the safety of all our students. Teachers, staff, and administrators are trained and practice lock down procedures that, in an emergency, can secure the entire campus.

A Comprehensive School Safety Plan was developed by the Safe School Committee in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include the following: monthly facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies. The Safe School Committee evaluates the plan annually and updates the plan as needed.

Professional Development provided for Teachers

The district annually holds professional development days where teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies. The primary areas of focus for professional learning in the last three years have been in the area of supporting teachers as it relates to the adoption of new math, and ELA/ELD curriculum, as well as professional learning on the new mathematics and ELA/ELD Frameworks. Student achievement data continues to be the determining factor in the selection of professional learning topics. Professional learning is developed and facilitated by district staff, Teachers on Special Assignment, and outside consultants and coaches who specialize in English Language Development pedagogy, as well as consultants and coaches who specialize in mathematics pedagogy. Professional learning is structured in job-embedded workshops and professional learning communities which include collaborative lesson planning, lesson study, classroom observations and coaching support, and student work/data analysis. Professional learning for all teachers includes strategies and pedagogy to support all learners access rigorous, grade-level curriculum. All professional learning includes a special emphasis supporting the development of English learners' development of academic language and literacy through instructional strategies that included Sheltered Instruction Observation Protocol (SIOP). In the 2015-2016, 2016-2017, and 2017-2018, there were three district-wide professional learning days each year. Elementary teachers received 2 additional days in 2015-2016. In 2016-2017, each elementary grade level teacher received 2 days of ELA professional learning on new curriculum and instructional support; 6 days of mathematics curricular professional learning and instructional support. In 2017-2018, elementary teachers received 4 additional ELA professional learning days in support of the new ELA/ELD curriculum. Elementary and secondary ELA program 4 and 5 teachers received an additional 4 days of professional learning in support of new curriculum.

Types of Services Funded

In addition to general state funding, Azusa Unified School District receives state and federal funding for the following categorical, special education, and support programs: • Gifted and Talented Pupils • Special Education • Home-to-School Transportation • School Improvement Program • Instructional Materials • Staff Development • Peer Assistance and Review • Drug/Alcohol/Tobacco Education • ESSA • Educational Technology Assistance Grants • Vocational and Applied Technology Education Act. • Class size reduction

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
