California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Mr. Nic Collart, Principal

Principal, McKinleyville High

About Our School

McKinleyville High School is one of two comprehensive high schools in the Northern Humboldt Union High School District. The school serves a broad area in northern Humboldt County including the communities of McKinleyville, Big Lagoon, Fieldbrook, Orick and Trinidad.

I am proud of our school and firmly believe that Mack High offers something for everybody. We are the only comprehensive high school north of Santa Rosa to offer the International Baccalaureate diploma program and encourage students to participate in whatever capacity that works for them. This program works in tandem with our other college preparatory offerings to help students maximize their potential while creating their own individual plan for success. We have a strong career education program that includes opportunities for students to earn NATEF certification in the Auto program as well as a thriving Agriculture program which in addition to the traditional offerings of wood and metal shop. We celebrate the fine arts with a highly successful theater arts program, music, art and ceramics. We are home to the only Yurok language and culture class on the North Coast and support an Indian Education program that celebrates the rich history and cultures of all of our North Coast Native peoples. The Indian Ed program develops leadership skills and provides opportunities for students to give back to the greater community. Mack High has a Special Education program that is the home to a diverse group of learners that are served by a devoted and talented staff that work hard to challenge students to meet their potential and support them with a creative and team approach.

Staff at McKinleyville High School understands their responsibility to ensure that every student has access to quality education and support services designed to meet individual needs. By working collaboratively with parents, students, community, Board of Trustees and District administration, programs are designed and implemented around the needs of the student. Building a strong vision and mission has been paramount to our strength as a learning community and through this cooperation; our school is planning with the future in mind.

Thanks you for taking time to review our SARC. If you have any questions about the information included in this report or would like to discuss any aspect of McKinleyville High School please call our office at 839-6400.

School Facility Conditions and Planned Improvements

During this past decade, McKinleyville High School completed a seven-year modernization project. Most recent improvements include a new Student Services building that rivals any such facility in the entire Humboldt County region. This structure has been expanded and completely remodeled to more adequately accommodate the numerous student support efforts. The chemistry room was completely updated to reflect a true state of the art facility. In addition, all of the classroom wings have been renovated to provide an exemplary learning and teaching environment. The maintenance and safety of the facilities available to MHS students and staff is of utmost importance to the administration of the Northern Humboldt Union High School District. Safety inspections are conducted monthly and safety-related problems are dealt with promptly and effectively to insure a safe educational environment.

The \$25.8 Measure Q general obligation passed by the voters in November of 2010 has and will continue to enhance our campus. Completed projects include communication and technology upgrades across the campus, renovated bathrooms in the Gym, a remodelled Library Media Center and new bleachers and a snack bar for our athletic facility. Projects to improve our athletic facilities will begin this Spring. For more information on Measure Q with current and future site and District plans please refer to the Northern Humboldt Union High School District website.

McKinleyville High School is one of the nicest school facilities on the North Coast. Visitors consistently comment on the cleanliness of the buildings, the beauty of the grounds, and the overall visual appeal of our school. The custodial staff and district administration take great pride in presenting a facility that creates an environment that fosters success.
